About Me

Registered Nurse with a passion for technology, pursuing a Full Stack Developer Certification. Combining problem-solving skills with a love for technology to create innovative, user-friendly web applications that make a meaningful impact in people's lives.

Experience

Stormont Vail Health / Emergency Registered Nurse

Sep 2020 - Current | Topeka, KS

Expertly triages and assesses patients, administers emergency treatments, monitors vital signs, collaborates with interdisciplinary teams, and ensures efficient delivery of critical care in a fast-paced, high-pressure environment.

Stormont Vail Health / Patient Care Technician

Sep 2020 - Current | Topeka, KS

Assists nurses and physicians with patient care, performs vital sign measurements, provides basic medical treatments, and ensures patient comfort and safety.

Education

University of Kansas / Full Stack Developer Certification

Mar 2023 - Sept 2023 | Remote

Comprehensive training in various modern web technologies.

Baker University / Bachelor of Science - Nursing

Aug 2018 - May 2020 | Topeka, KS

Rigorous education preparing professionals for healthcare excellence.

University of Kansas / Bachelor of Liberal Arts and Sciences

Aug 2014 - May 2018 | Lawrence, KS

Comprehensive, well-rounded education across diverse disciplines.

Skills

HTML, CSS, JavaScript, Bootstrap, Tailwind, jQuery, Node, Git, GitHub
